

TENNESSEE TRUST COMPANIES SHOW LARGE RESOURCES

Total at End of Fiscal Year 29 Per Cent Greater than at Close of Previous Year's Report.

Total resources of trust companies in Tennessee at the close of business June 30, 1920, show a substantial increase over the total at the close of the previous year, according to the 15th annual report of "Trust Companies of the United States," just issued by the United States Mortgage and Trust company of New York.

Total resources for Tennessee on last June 30, were \$144,950,842. This is an increase over the previous year of \$33,377,576, or 29 per cent.

Total resources of trust companies of the United States on last June 30 were \$12,451,877,583, an increase of nearly 12 per cent over those at the close of the previous year. The actual increase was \$1,201,431,196 over the previous year, and \$6,123,423,555 greater than the figures of five years ago.

Reviews Record.

In reviewing the year's record, John W. Platten, president of the United States Mortgage and Trust company, says:

"The fiscal year covered by this, the 15th annual edition of 'Trust Companies of the United States,' has again witnessed a marked progressive tendency within the ranks of these institutions.

"Not only has there been a handsome growth both individually and collectively, but the scope of usefulness of the trust companies is being constantly widened and presages an even more assured recognition than formerly of their value as an integral part of our financial system.

"The figures, when viewed comparatively, testify to the splendid position now occupied by trust companies and furnish eloquent proof that their broad service is being increasingly availed of by the multitude of individuals and corporations whose special needs they so admirably meet.

"The total resources of the 2,241 trust companies reporting reach this year the impressive total of \$12,451,877,583, an increase of \$1,201,431,196 over the figures of last year, and \$6,123,423,555 greater than those of five years ago."

Deny Man Held For Assault Is Memphian

That the S. Glynn Young, reported held in St. Louis for an alleged assault on a coal miner's daughter, is a former department of justice and internal revenue department attaché of Memphis, was denied by federal authorities here following receipt of numerous telephone calls from friends of Arch Young, who was formerly attached to the two departments here.

Arch Young, federal officials state, was connected with government work here about two years ago, but is in no way related to S. Glynn Young. The former's record here was above reproach, authorities declare.

Federal Reserve Officers Announced

Results of the election of officers for the federal reserve district No. 8, which covers seven states, including a part of Tennessee, have been announced by W. M. Martin, chairman of the board of the federal reserve bank of St. Louis.

They are J. G. Lonsdale, president of the National Bank of Commerce in St. Louis, and LeRoy Percy, planter, Greenville, Miss.

Mrs. MacSwiney To Leave For Capital

(By International News Service.) NEW YORK, Dec. 7.—Following a call upon Archbishop Hayes, and luncheon with Eamon de Valera, "president of the Irish republic," Mrs. Terrence MacSwiney, widow of the late lord mayor of Cork, was to leave at 3 p.m. today for Washington. Tomorrow she expected to give evidence before the committee there which is seeking to ascertain facts about the Irish turnoil.

Speaking of reported efforts of Premier Lloyd George to gain peace in Ireland before Christmas, Mrs. MacSwiney said there was only one manner in which Lloyd George and England could attain that. "That is, by giving Ireland her freedom and withdrawing the armed forces of invasion," she said. "No other peace overture can even be considered.

"There is no reason why Ireland should join an enemy of England, providing Ireland had her freedom. I know that President De Valera has already offered guarantees to England that would cover such a situation and he speaks for all the Irish people."

Moving Pictures

State. Admirers of Elliott Dexter, the young screen player who scored such successes in Cecil B. De Mille pictures like "Old Wives for New" and "For Better, For Worse," and was about to be starred when he was stricken with a serious illness, will be glad to learn that Dr. Dexter has now recovered and has resumed his motion picture work after nearly a year's absence. Mr. Dexter has one of the leading parts in George Melford's production, "Behold, My Wife," now at the Strand.

Majestic. Three well-known leading men appear in support of Dorothy Phillips in her magnificent production, "Come to Every Woman," which is now on view at the Majestic theater. One of them is Robert Anderson, who was her leading man in "The Heart of Humanity," another is Rodolph Valentino, one of Clara Kimball Young's leading men in "Eyes of Youth," and the third is Frank Elliott, a well known player.

Princess. The same quartet of film celebrities who made "On With the Dance" such a splendid success combined to make "The Right to Love," which will be the screen attraction at the Princess theater Wednesday and Thursday. George Fitzmaurice produced the picture. Ouida Bergere furnished the scenario, and Mae Murray and David Powell are the featured players. The picture is said to be a pleasing combination of beautiful scenes and dramatic action. The locale is Turkey.

Lycium. Women folks are flocking to Lycium these days, for "Polly With a Part," with beautiful Ina Claire in the leading role, they are being given the chance of seeing not only a comedy photoplay of the very highest order, but also the opportunity of admiring some of the most gorgeous gowns and dresses that Dame Fashion has ever set her stamp of approval upon. In addition the Sunshine comedy, "An Election Nightmare," is causing hearty laughter, and the Pathé Review please.

Spain Offers Aid To U. S. President

WASHINGTON, Dec. 7.—The Spanish ambassador called at the state department to offer formally the aid of his government to President Wilson in the effort to mediate between the Armenians and the Turkish nationalists.

The ambassador said his government desired to know in what way it could act.

Brazil, which also has offered its good offices, has not yet communicated to the state department.

OFATUNA

The simple minded natives of the Society Islands believe there is a hereafter for pigs. If they have been very good little pigs, they will go to Ofatuna when they die.

The more intelligent natives of this country will smile at this very evident fallacy; For they know that many good little pigs eventually go to CHILDS.

There, as delicious country cures, they gladden the hearts of a multitude.

Governor Parker Will Make Address

Governor John M. Parker will be the guest of honor at the weekly meeting of the membership division of the Chamber of Commerce Tuesday at 12:30 o'clock. He will deliver a speech after the luncheon. Gov. Parker will be in Memphis attending the two-day session of the cotton acreage reduction conference.

The membership division is determined to bring to a successful culmination its drive for 500 new members by Christmas, and the remaining two weeks of the campaign will be characterized by intense activity. It is expected that the slogan of "Every member get a member in December" will turn the trick.

BREAD PRICE OUT.

MONTGOMERY, Ala., Dec. 7.—Montgomery bakeries have put into effect a new scale of prices on bread, representing reductions of two cents on 12-ounce loaves and five cents on 16 and 20-ounce loaves. The movement for bringing about a reduction has been under way for a week and is based on the sharp decline in the prices of flour.

Some Rerouting Has Been Done

Receivers for the Memphis Street Railway company are doing some preliminary work toward putting into effect recommendations for rerouting the cars made in the recent survey of traffic conditions by Ross W. Harris. Mr. Harris will be in Memphis the latter part of the current week and will take charge of the rerouting of cars and the general operation, insofar as that operation affects the service received by the public.

Madison avenue cars are already turning back at East End park to the extent that the Cooper street division of the line is now furnished with a service which calls for one car every 10 minutes. It is stated that the Linden avenue line will begin turning back at Elmwood some very sometime this week. That part of the line lying beyond the cemetery will get a service with some 15 to 17 minutes between cars. The Suburban-Forest Hill line will begin turning back some of its cars at Mississippi boulevard and Kerr street sometime this week. This is a temporary arrangement, as the permanent point for turning back will be made at Mississippi and McLeone when a switch is installed at that point.

A Beauty Specialist Gives Home-Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home that will darken gray hair and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."
